11<sup>th</sup> March 2021

Dear Sir/Madam,

I am writing to say thank you to the Wilderness Foundation for their hard work and the dedicated service we have been given. Through The FIF Xtra funding we have been able to support six families within our school and this has had a very positive impact on their wellbeing and mental health. The Covid Pandemic has had significant impact on our school community and having the support from the Wilderness Foundation has significantly improved our welfare and wellbeing offer.

We have found the administrative team at Wilderness Foundation to be incredibly helpful and efficient. We have dealt predominantly with Angely Webb.

All the therapists that our families have received support from have been professional and given good advice, which our families have been able to follow and helped them to reach their original desired outcomes from the sessions. Initially we had been concerned that our families would not engage or get as much out of the online sessions as they would had they been face to face. However due to the quality of the therapy and the professionalism of the Wilderness Foundation team, all of our families have spoken very highly about their experience. The added benefit of being online is that therapists from a much wider area have been able to support our families, meaning that there have been no waiting times.

Therapists have gone above and beyond, preparing written summaries and even attending TAF meetings, highlighting the true person-centred approach that this organisation has.

We are happy for this letter to be shared as we feel it is important that the excellent service that the Wilderness Foundation has provided is celebrated.

Yours Sincerely

Lucy Coote

SENCO Assistant
